SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for
revisions to the Consumer Expenditure Surveys Quarterly Interview and Diary
information collection. The BLS uses the Consumer Expenditure Surveys to gather
information on expenditures, income, and other related subjects. These data are used
periodically to update the national Consumer Price Index. In addition, the data are used
by a variety of researchers in academia, government agencies, and the private sector. The
data are collected from a national probability sample of households designed to represent
the total civilian non-institutional population. Proposed changes to this ICR include
implementing a new sample, eliminating the bounding interview, and updating and
deleting several questions to reflect the current marketplace. Additionally, the ICR seeks
clearance for a proof of concept test for a new survey design. The Census Authorizing

Statute and BLS Authorizing Statute authorize this information collection. See 13 U.S.C. 8b and 29 U.S.C. 2.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1220-0050. The current approval is scheduled to expire on March 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on July 3, 2014 (79 FR 38071).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1220-0050. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
